#### MESSAGE FROM THE CHIEF OF POLICE CHIEF

Police Chief Stephen R. Reed

Stephen R. Reed was appointed as Chief of Police on August 1, 2016, having first joined the department in 1993. During his career he has held the positions of Assistant Chief, Director of Training at the Fort Wayne Police Academy, Deputy Chief Southwest Division, Captain of Investigative Division, Sergeant of Internal Affairs, Homicide Team Sergeant, and Detective. Prior to joining the Fort Wayne Police Department, he served as a patrol officer for the City of Butler Department and as a confinement officer for the DeKalb County Sheriff's Department.

Chief Reed is assisted by Assistant Chief Karl Niblick, Deputy Chief Mitch McKinney of the Southeast Quadrant, Deputy Chief Steve Haffner of the Southwest Quadrant, Deputy Chief Paul Smith of the Northwest Quadrant, Deputy Chief Scott Caudill of the Northeast Quadrant, Deputy Chief James Feasel of the Investigative Support and Vice & Narcotics Divisions, and Deputy Chief Martin Bender of the Special Operations Division.

#### MISSION STATEMENT

The Fort Wayne Police Department, in partnership with our community, will strive to protect the life, property, and personal liberties of all individuals. We believe that the overall quality of life for all residents will improve through the deterrence of criminal activity and an understanding of the diversity of cultures within this community. Furthermore, we recognize the need for fair and impartial enforcement of the law with attention given to the highest possible quality of service delivery to the community.

#### DEPARTMENT HISTORY

The City of Fort Wayne is in northeast Indiana and is the second largest city in the state. The city encompasses an area of about 111 square miles with a population of approximately 265,318 people. Fort Wayne's cultural climate is increasingly diverse. Fort Wayne's roots began in 1697 when the French and British built a series of three forts at the confluence of the St. Joseph River, St. Mary's River, and Maumee River near the Miami tribe village of Kekionga. The United States Army built Fort Wayne in 1794 and it was named in honor of General "Mad" Anthony Wayne. Fort Wayne was platted in 1823 and experienced a rapid expansion after completion of the Wabash and Erie Canal. The proud tradition of the Fort Wayne Police Department (FWPD) began in 1829 with a single "Village Marshal". That tradition continues today with a budgeted strength of 480 sworn officers and approximately 62 civilians. The FWPD is led by Police Chief Stephen Reed and is a full-service, highly sophisticated, professional agency. Through innovative leadership and dedication to providing quality services, the department maximizes its resources to provide a high-quality work environment. The department gives its officers the same respect and concern they expect them to show all citizens with whom they come into contact in the line of duty.

#### CHIEF'S COMPLEX

Karl Niblick Assistant Chief

In 2021 Assistant Chief Karl Niblick commanded the Chief's Complex. The area consists of both civilian and sworn personnel who report directly to the Chief of Police and to the Assistant Chief. Many of these positions include administrative and technical support. The personnel assigned to the Chief's Complex include individuals working for the following areas:

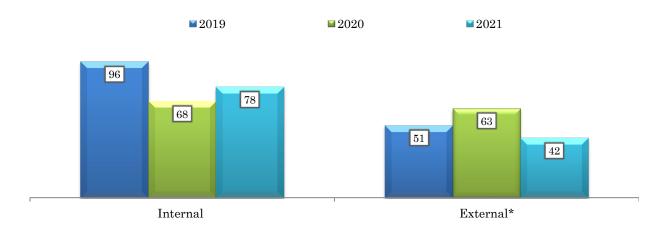

- Internal Affairs
- Information Systems & Technology Unit (ISTU)
- Police Athletic League (PAL)
- Police Training Center
- Fiscal Affairs & Payroll

These dedicated men and women work tirelessly to keep the department running day-to-day so that we may carry out our mission to service the people.

#### INTERNAL AFFAIRS UNIT:

The Internal Affairs Unit saw an overall decrease in activity during the 2021 calendar year. Captain Kurtis Letz commanded the Unit. The caseload was split between the two investigators in the unit, Sergeant Howard Johnson and Sergeant Anthony Forte. Additionally, the Unit Commander, Investigators, along with the office Administrative Assistant, coordinated, monitored, and documented monthly drug tests. In all, 458 random drug screens were administered.

#### 3-YEAR COMPARISON OF FORMAL INVESTIGATIONS

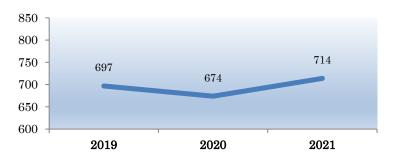

2021 ANNUAL REPORT

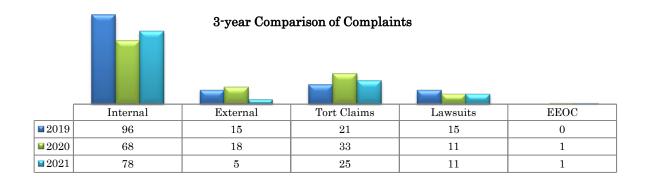

#### FORT WAYNE POLICE DEPARTMENT

#### THREE-YEAR USE OF FORCE COMPARISON

Number of Suspects Involved in Use of Force Incidents\*

NUMBER OF REPORTED APPLICATIONS OF FORCE BY TYPE					
CATEGORY	<u>2019</u>	<u>2020</u>	2021		
Physical Force	670	746	744		
Chemical Agent	65	76	50		
Impact Weapon	2	3	3		
Aimed Firearm	320	255	265		
CED/Taser	112	86	95		
Other/K9/Beanbag	7	7	5		

<sup>\*</sup>Number of suspects involved in use of force incidents will not equal the number of applications of force. This is due to the utilization of the force continuum in incidents where the amount of resistance offered resulted in an escalation in the type of force used. Some incidents involved more than one type of application of force on one suspect. Additionally, each officer documents his or her own individual uses of force, which results in the number of suspects not equaling the number of applications of force.

Examples:

<sup>(</sup>A). One suspect and one officer who utilized two types of force results in: Number of Suspects=1; Applications of Force=2

<sup>(</sup>B). One suspect and two officers utilizing force (regardless of type of force used): Number of Suspect= 1; Applications of Force=2 (or more if an officer used more than one type of force)

#### POLICE ATHLETIC LEAGUE (PAL):

COVID-19 has once again made 2021 a challenging year for PAL programs. The football program had an equal number of players with last year. PAL added a flag football segment to the tackle program, this was for players in grades 1 to 3. The program was partnered with the various school systems in Allen County and was well attended. First Aid continued certification classes for the year. PAL continues to work with the Fort Wayne Juvenile Center to provide community service opportunities for students who have violations of the law.

PAL continues to be featured on the FWPD web site for increased exposure of the programs. Goals for 2022 include expanding the flag football program, maintain the programs within the budget, and find sponsorship.

ISTU also implemented 100 body worn cameras before mid-November the total at the end of 2021 was 152 body cameras.

#### POLICE TRAINING CENTER

In 2021 Captain Juan Barrientes commanded the Training Center. The mission of the Training Division is to provide training for officers of the Fort Wayne Police Department that meets or exceed State of Indiana mandates in training. Pursuant to Indiana Code 5-2-1-9(g), Indiana Police Officers are required to have 24 hours of annual training. At least two hours of training must include Firearms, Physical Tactics, and Emergency Vehicle Operation (EVO). The Training Division strives to provide relevant and tactically sound training to enhance officer safety and solidify public trust. Additionally, the Fort Wayne Police Department Training Division assesses, selects, and trains recruits in basic police training, otherwise known as recruit training. During 2021 the Training Center provided training for approximately 465 officers. All officers who completed training either met or exceeded the state mandate of required in-service training, including topics mandated by the Law Enforcement Training Board (LETB). In 2021 Governor Holcomb signed into law House Bill 1006, which mandated standardization of police training. The Bill broadly calls for reforms in training, duty to intervene and addresses the use of body worn cameras. To ensure that members of the Fort Wayne Police Department continue our tradition of excellence, the Training Center diligently staffs a cadre with a variety of subject matter expertise.

#### INVESTIGATIVE SUPPORT DIVISION

James Feasel
Deputy Chief
Investigative Support
Division

In 2021 Deputy Chief James Feasel commanded the Investigative Support Division. Captain Shane Lee joined the command staff and assumed responsibility of the Crimes Against Persons section. Captain Matt Enyeart maintained responsibility of the Property Crimes section. The Fort Wayne Police Department's Investigative Support Division (ISD) is responsible for conducting felony criminal investigations on incidents that occur within the City of Fort Wayne.

The Division consists of several assigned support sections or units that focus on specific or specialized areas of investigating criminal incidents, these include the Detective Bureau, Crime Scene Unit, Crime Lab Unit, Crime Analysis Unit, Victims Assistance Unit, Street Crimes Unit, and Property & Evidence Room. Included within this report are the individual summaries from the supervisors and managers for the various sections and units within the ISD.

Homicide and violent crime rates in 2021 continued to be significant issues for the city, Police Department, and especially for the Investigative Support Division. Homicides have gone down from 42 in 2020 to 41 in 2021, resulting in a decrease of 2.4%. A large percentage of the homicides in 2021 continue to involve street level gangs and narcotics. Domestic related homicides continue to be the smallest percentage. The clearance rate for homicides committed was down 6.2% from 81% in 2020 to 76% in 2021.

In 2021 reported residential burglaries continued to go down from 560 in 2020 to 424 in 2021, resulting in a decrease of 24%. Business burglaries went down from 94 in 2020 to 88 in 2021, resulting in a decrease of 6%. This reduction is in part due to the COVID-19 Pandemic and more potential victims staying at home, but more importantly, it continues to be due to the diligent work of our Crime Suppression Detectives, Property Crimes Detectives, and Uniform Street Crimes Detectives. The Robbery Division also saw a significant decrease of investigations. The Robbery Section picked up Adult Missing Persons in 2021, and that accounts for the total increase in investigations. Of those cases assigned, 169 of them were robberies in 2020 compared to 129 in 2021, resulting in a decrease of 24%. All other areas reported were down, except for Criminal Recklessness, which saw a slight increase.

#### DETECTIVE BUREAU

#### **HOMICIDE SECTION:**

The Homicide Section of the FWPD is supervised by Detective Sergeant Tim Hughes and consists of 10 investigators, who are required to be on-call. The Homicide Section is responsible for investigating all deaths or near deaths that appear to be suspicious in nature, officer involved shootings (OIS), and all batteries using a firearm. The Cold Case/Missing Person Section has one investigator, who reviews all missing persons and endangered runaways. Investigators in these sections do and must work well with outside agencies, such as the Allen County Prosecuting Attorney's Office, Indiana State Police, Allen County Police Department, Allen County Coroner's Office, Department of Child Services, FBI, DEA, NCMEC, Global Intelligence, and ATF.

#### ROBBERY SECTION:

The Robbery Division of the Fort Wayne Police Department is supervised by Detective Sergeant Kenneth Clement and consists of 8 detectives. The Robbery Division's responsibilities include responding to all robberies that occur during shift hours, as well as Criminal Recklessness and Felony Batteries (other than Domestic) that occur on shift. They are also tasked with the follow-up investigations on all Robberies, Felony Batteries (other than Domestic), and Criminal Recklessness cases, which occurred previously, and assisting detectives in the Homicide Division. The Robbery Division still responds to and investigates all bank robberies that occur within the City jurisdiction and works in conjunction with the FBI in solving these crimes. Reported robberies to the FWPD dropped to 169 in 2021 compared to the reported 249 reported in 2020. Other reported cases decreased slightly. The Robbery Division was assigned a total of 419 cases for the 2021 calendar year, up from the 347 assigned cases in 2020. Cases are assigned based on solvability factors. The investigations are classified as follows:

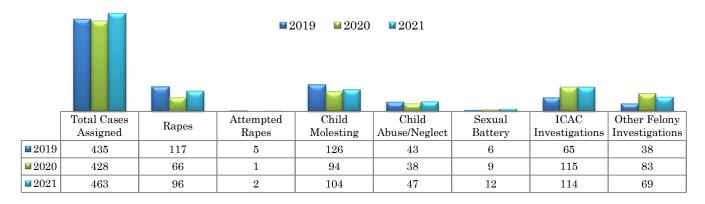

#### CRIMES AGAINST PERSONS SECTION:

Detective Sergeant Todd Battershell and Detective Sergeant James Haupert supervised the Crimes against Persons Section (CAP) of the Investigative Support Division (ISD). They are staffed with 9 detectives who investigate felony cases that occur inside the Fort Wayne city limits. The type of crimes investigated by CAP detectives include rapes, sexual battery, child molesting, sexual misconduct with minors, child abuse, child neglect, voyeurism, stalking, and battery to elderly persons or persons with developmental delays, bigamy, child pornography, child seduction/solicitation, human trafficking, incest, and indecent exposure. Many of these crimes are reported to the CAP Section by outside agencies due to a delay in reporting by the victim. In addition, the CAP Section also investigates Internet Crimes against Children (ICAC). These types of investigations include child internet predators, child pornography, and child exploitation.

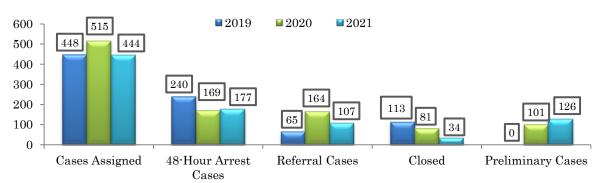

CAP detectives work on cases that are very sensitive in nature. They must possess strong interview and interpersonal skills, investigative knowledge, and ethics. Detectives in the CAP Section of the ISD must also have the ability to work well with outside agencies, such as the Department of Child Services, Allen County Prosecutors Office, Adult Protective Services, Sexual Assault Treatment Center, Center for Children, Indiana State Police, National Missing and Exploited Children, Federal Bureau of Investigations, and other law enforcement agencies. The table below represents the 2021 statistical information for the CAP Section of the ISD.

#### DOMESTIC VIOLENCE SECTION:

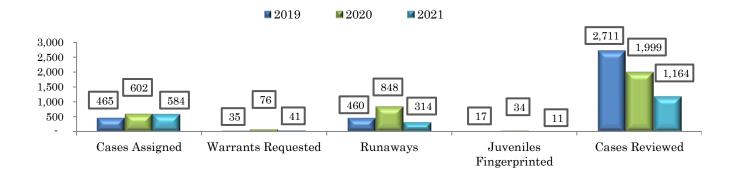

The Domestic Violence (D.V.) Investigative Section is supervised by Detective Sergeant Bridget Glaser and consists of 6 detectives. This unit investigates all felony incidents within Domestic Violence, this includes battery, strangulation, protective order violations, criminal mischief, and hit-skip incidents. This unit also works non-life-threatening shootings and stabbings. The D.V. Unit works very closely with the Victims Assistance Unit of the FWPD. Cases are received from 3 different avenues. Preliminary Investigations, 48 hr. Follow-up, and the Referral System assures that all incidents are looked at. In 2021 the D.V. Unit worked a total of 441 cases for the year.

#### 2021 ANNUAL REPORT FORT WAYNE POLICE DEPARTMENT

#### JUVENILE AID SECTION:

The Juvenile Aid Division (JAD) is supervised by Detective Sergeant Mark Brooks and consists of 3 detectives. Light duty officers have been utilized to assist with the runaway caseload. The JAD is responsible for investigating crimes, which involve individuals 17 years of age and younger. The section is also responsible for the investigating of juvenile runaways and custodial interference investigations, along with property crimes, sex crimes, crimes against persons, and crimes that occur in the school setting. The juvenile system in the United States differs vastly from the adult criminal justice system because there are additional procedures and different terminology is used.

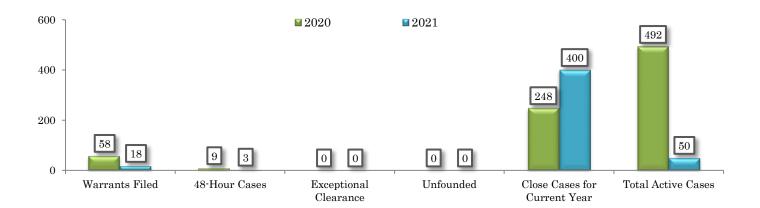

#### FINANCIAL CRIMES SECTION:

Detective Sergeant Jim Seay supervises the Financial Crimes Section. The section is responsible for investigating fraud, forgery, counterfeit checks, scams, and computer related crimes that exceed \$750.00. In 2021, a total of 482 cases were assigned and 400 cases were closed. This is an increase from the previous year with 345 cases assigned and 248 cases closed. Cases are reviewed daily, and each victim is contacted. The supervisor of the unit will contact the victims regarding cases that will not be assigned due to lack of solvability factors and are referred to the Allen County Prosecutor's Office Misdemeanor Complaint Program due to the loss being a misdemeanor amount of less than \$750.00. Cases with solvability factors are assigned to one of the five (5) detectives who will contact the victim to conduct an investigation.

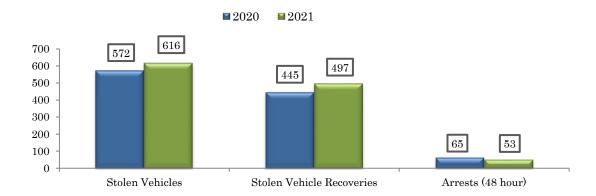

#### **AUTO-THEFT SECTION:**

2021 ANNUAL REPORT

The Fort Wayne Police Department's Auto Theft Section is a subsection of the Investigative Support Division's Property Crimes Section. The area is supervised by Detective Sergeant Paul Shrawder and is staffed with 2 detectives. These detectives play an important role in the Investigative Support Division. Their duties go far beyond investigating stolen vehicle cases. In addition to stolen vehicles, they also investigate the theft of trailers, ATVs, lawnmowers, construction equipment, and vehicle parts. They are often called upon for information regarding vehicles involved in other crimes or civil issues. Much of the Auto Theft Detectives' time is spent working with records and the tow lots on vehicles that have been towed by the department for various reasons, but not involved in criminal investigations. They also monitor the stolen and recovery reports and work with the BMV on titling problems and title histories. They conduct vehicle inspections, and work with the Attorney General's Office and Indiana Secretary of State's office in policing the dealerships. The nature of their investigations puts them in touch with police agencies from all over the United States and at times from other countries.

#### PROPERTY CRIMES SECTION:

Detective Sergeant Ben Truesdale supervises the Property Crimes Section. The Property Crimes Section of the Investigative Support Division is responsible for investigating felony property crimes such as burglary, felony theft, employee theft, and possession of stolen property.

#### PAWN DETAIL UNIT:

The Pawn Detail Unit is a part of the Property Crimes Section of the Investigative Support Division of the Fort Wayne Police Department. Detective Sergeant Paul Shrawder supervises the unit, which is staffed full time by a single detective. The responsibilities of this detail include the recovery of stolen property at pawnshops and jewelry stores that purchase items from the public and are subject to City Ordinance 115. Further, this detail is responsible for maintaining the local "Known Offenders" list and coordinating with local businesses to ensure that they comply with City Ordinance 115. For 2021, no businesses in Fort Wayne were cited for violating City Ordinance 115. For the year 2021, the Pawn Detail detective handled a total of 77 pawn-related cases. For that period, the Pawn Detail detective recovered property that was estimated to be \$76,281.00 in value. The average amount of property value recovered per case for 2021 was \$990.66. This is a lower amount than in the past, which was 67 cases and recovered property estimated at \$101,806.00 of value in 2020. This is most likely due to the ongoing COVID-19 pandemic. The Pawn Detail detective has to strive to maintain a positive working relationship between the Fort Wayne Police Department and local businesses that are governed by Pawn Detail. That positive relationship has led to numerous tips from those businesses that have proven to be beneficial in criminal investigations being conducted by the FWPD and resulted in many victims of property crimes having their items returned to them. The Pawn Detail will work to continue its service to the department and citizens.

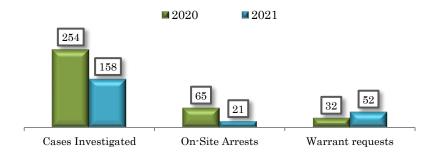

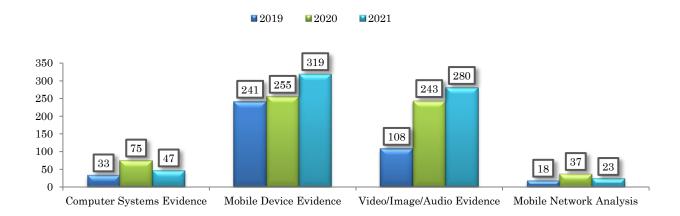

#### CRIME SUPPRESSION UNIT:

The Crime Suppression Unit was implemented in January 2008 and is supervised by Detective Sergeant Paul Shrawder. The Crime Suppression Unit tracks the burglaries citywide to look for patterns and similarities. They also identify individuals suspected of perpetrating numerous burglaries and other felony property crimes. The detectives are tasked with thoroughly investigating cases that fall into these categories until an arrest is made, or all investigative resources are exhausted. In 2021 the Crime Suppression Unit investigated 158 cases, made 21 on-site arrests, and filed 52 warrant requests. Both residential burglaries and larcenies/thefts continue to drop due to many factors, but the dedicated detectives that continue to make arrests are one of the major reasons.

#### DIGITAL FORENSICS LABORATORY UNIT:

The Digital Forensics Laboratory Unit (DFLU) conducts acquisition and examination of any electronic evidence and is supervised by Detective Sergeant Mark Brooks. The electronic evidence is wide ranging, varying, and constantly changing, and requires the examiners to train and remain current with this ever-changing technology. The DFLU also analyzes data and media rendering scientific opinions, this includes the analysis of mobile devices network communications including, cell phone call detail records, cell phone precision geolocation data, location data, and any other geo-based location data. Furthermore, the DFLU examiners analyze and compare video and image evidence to assist with the identification of suspects or suspect vehicles that were captured in a video or image. The DFLU examiners maintain proficiency through constant training and professional development. These positions are skilled competencies that require the maintenance of certifications in each area of digital forensics.

#### DIGITAL EVIDENCE MANAGEMENT UNIT:

2021 ANNUAL REPORT

The Digital Evidence Management Unit (DEMU) was created in 2017, with the primary task of ensuring that all digital evidence was being provided to the Allen County Prosecutor's Office for criminal case prosecution. DEMU is supervised by Detective Lieutenant Lisa Williams. In the years since its inception, the DEMU has taken on several other duties. In 2020 the FWPD began a pilot program for body-worn cameras. That program was expanded in 2021 and the department was required to have at least 100 officers equipped with body cameras by the end of the year. DEMU has processed approximately 6,000 requests for digital evidence in 2021.

The B-shift Investigative Support Division also has a 10th detective assigned to it that performs forensic data recovery. When apprehensions are made, the detectives compile and complete the necessary paperwork and conduct the suspect/witness interviews that are required for the appropriate felony charges. B-shift detectives also respond and investigate crimes with no apprehensions as a "preliminary investigation," which is then actually assigned for a follow-up investigation by an A-shift ISD detective.

The SCU addresses crimes that are being committed by the same criminals on a daily, weekly, or monthly basis, either individually or as a group. The SCU gathers all the needed documentation and witness statements to assemble a case against these individuals. The SCU detectives also look for patterns where there may be two or more people operating together as a team or a group and get the appropriate charges filed against the entire group as a whole and not just the individuals. The SCU has had success prosecuting by working closely with the Allen County Prosecutor's Office, local retailers, as well as other federal, state, and local law enforcement agencies.
