MISSION STATEMENT

The Fort Wayne Police Department, in partnership with our community, will strive to protect the life, property, and personal liberties of all individuals. We believe that the overall quality of life for all residents will improve through the deterrence of criminal activity and an understanding of the diversity of cultures within this community. Furthermore, we recognize the need for fair and impartial enforcement of the law with attention given to the highest possible quality of service delivery to the community.

INTRODUCTION TO THE FORT WAYNE POLICE DEPARTMENT

Named after General Anthony Wayne, Commandant of the western troops on October 22, 1794, Fort Wayne is now the second largest city in Indiana. The Fort Wayne Police Department was first established in 1829 with one "Village Marshal." Today, the Department is made up of 450 sworn and 100 civilian personnel who serve a population of 250,000.

Led by Chief Russell P. York and Assistant Chief Ronald Partridge, the Department continues to evolve to meet the ever-changing needs of the City.

For policing purposes, the City is divided into four quadrants: Northwest, Northeast, Southwest and Southeast. Each quadrant/division is commanded by a Deputy Chief: Martin Bender, Northwest; Dottie Davis, Northeast; Douglas Lucker, Southwest; Nancy Becher, Southeast; and Karl Niblick, Investigative Support. Investigative Support serves all four Divisions.

ADMINISTRATIVE

POLICE TRAINING CENTER

SUMMARY OR ACTIVITIES

The Fort Wayne Police Training Center is currently one of six certified training academies for law enforcement within the State of Indiana. The foremost responsibility of the Center is to facilitate the hiring and training of officers, either as lateral officers or basic recruits, and maintain the training records of all sworn and Reserve officers.

Throughout the year, the staff worked in partnership with the Regional Public Safety Academy to facilitate the transition of the Fort Wayne Police Training Center to the new Regional Academy. This state-of-the-art facility has 132,000 square feet and contains a 16-lane pistol range, simulation room, tiered classrooms and the latest exercise equipment; as well as facilities for the Fire Department and their training activities.

The 57th Recruit Class of 30 candidates was graduated in October.

2007 GOALS & OBJECTIVES

1. Complete the hiring process for the 57th Recruit Class in an effort to seat the class in June of 2007.
Achieved.
2. Ensure the 57th Recruit Class is diverse and represents the racial makeup of our community.
Achieved.
3. Facilitate the 57th Recruit Class and have them graduated by October 26, 2007.
Achieved.
4. Transition the Training Center to move to the new Public Safety Academy of Northeast Indiana.
Achieved.

2008 GOALS & OBJECTIVES

1. Start the 58th Recruit Class in March.
2. Ensure all sworn members received State mandated 16 hours training.
3. Develop a First Line Supervisors training module and present to Supervisors.
4. Promote networking to attract training organizations to the new Regional Academy.

SCHOOL RESOURCE OFFICERS

SUMMARY OF ACTIVITIES

The School Resource Officer's top priority is to provide a safe school environment for the high school students at Fort Wayne Community Schools. School Resource Officers serve all six of the FWCS high schools, as well as the middle and elementary schools that feed into them. The officers are responsible for reviewing their school's physical security and preparedness plans. They must work with the school system to implement changes in the school to ensure a safe environment.

Secondary duties can include, but are not limited to, teaching in classrooms, conflict resolution, counseling and other administrative tasks.

2007 GOALS & OBJECTIVES

1. Assign a full-time Sergeant to the SRO program.
Not Achieved.
2. Send officers to schools to further their education.
Partially Achieved.

3. Develop a plan for the utilization of the SROs during the summer break.

Achieved.

2008 GOALS & OBJECTIVES

1. Assign a full-time Sergeant to the SRO program.
2. Host a National School Resource Officer basic and advanced school at the new Public Safety Academy.
3. Send three officers and the new supervisor (or current) to the NASRO conference.

OFFICE OF PROFESSIONAL STANDARDS

Organized in 2004, the Office of Professional Standards includes the Internal Affairs, Information Systems and Technology Unit (formerly Spillman), the Grants & Research Unit, the Public Information Office and Firearms Evidence & Property Management. The office is under the direction of Lt. Lisa Williams.

INTERNAL AFFAIRS UNIT

SUMMARY OF ACTIVITIES

In addition to handling citizen complaints and requests for internal investigations, the Unit also oversees the random drug testing program, conducts various inspections and audits, as well as maintains personnel files, tort claims, EEOC complaints and lawsuits. A member is assigned to the Accident Review Board, Pursuit Review Board and the Shooting Review Team.

2007 GOALS & OBJECTIVES

1. Continue to work on IA Trak Program.
Partially achieved - ongoing.
2. Complete the Operating Manual.
Achieved.
3. Monitor the completion of monthly vehicle inspections.
Achieved.
4. Coordinate with the Training Center on training issues and background investigations for police applicants.
Achieved.

2008 GOALS & OBJECTIVES

1. Resume number of Internal Affairs investigations.
2. Continue to work with the Public Safety Academy on training issues discovered by the various activities of the I.A. Unit.
3. Continue to work with ACS on reconciling data and statistics generated by the I.A. Trak system for annual reports.
4. Gain final approval of the Operating Manual.

FIREARMS MANAGEMENT

SUMMARY OF ACTIVITIES

This Unit handles the storage, processing, testing and tracing of firearms evidence, as well as firearms intelligence for the Criminal Intelligence Unit.

Casings/projectiles are submitted to the Integrated Ballistics Identification System (IBIS) at the Indiana State Police Lab to be entered into the database. This testing resulted in seven confirmed "hits." All firearms are traced through ATF, which has led to several recovered firearms which had been reported stolen.

The Unit is also responsible for the disposal of firearms which have been ordered by the Court destroyed. In 2007, 87 guns were melted and another 18 firearms were turned over to the Indiana State Police Lab for their reference collection.

Starting with the last quarter of 2007, the Section began keeping statistics on the number of suspension and revocation of handgun permits received from the State of Indiana.

2007 GOALS & OBJECTIVES

1. Work with the Lab to reduce the time it takes to fingerprint a firearm.
Ongoing.
2. Bring the Department into 120-day compliance under Indiana Code 35-47-3-2.
Ongoing.

3. Assist the Criminal Intelligence Unit with firearms intelligence and firearms tracking.
Ongoing.
4. IBIS long guns at least quarterly.
Not Achieved.
5. Eliminate the IBIS backlog for casings and projectiles.
Achieved.

2008 GOALS & OBJECTIVES

1. Work with the Lab to reduce the time it takes to fingerprint a firearm.
2. Bring the Department into 120-day compliance under Indiana Code 35-47-3-2.
3. Purge/review firearms cases older than seven (7) years.
4. IBIS long guns at least quarterly.

PUBLIC INFORMATION OFFICE

The office handles news releases, ride-along requests, building tours, speaking engagements, public service announcements, press conferences, a television program, "Behind the Badge," as well as answering hundreds of questions posted on the Department's web site, "Forum," page. The in-school child safety program, "Officer Phil," completed its third year, impacting approximately 17,000 students. The program was so successful, it now includes a local parochial school and two private schools.

The office also planned and held a department-wide picnic at Franke Park in the summer with increased attendance.

The office once again teamed up with the American Red Cross in our annual effort to collect donations of blood during the holiday season. The goal was 1000 units of blood. Although the goal was not realized, well over 900 units were collected.

The office continues to foster an international relationship with our Sister Cities', Gera, Germany and Takaoka, Japan Police Departments. Public Information Officer, Michael Joyner, traveled to both Gera and Takaoka in an effort to bolster international relationships. The trip has resulted in a first ever officer exchange program. In February 2008, two Gera, Germany officers will spend four weeks working with the Fort Wayne Police Department.

2007 GOALS & OBJECTIVES

1. Establish relations with our Sister City, Takaoka, Japan's Police Department.
Achieved.
2. Establish a mentoring program working with children at risk in the Fort Wayne Community School System, and the continued expansion of the "Officer Phil" safety program.
Achieved.
3. Incorporate into the Department's web site, translations to better serve all citizens of Fort Wayne.
Not Achieved.
4. Develop an on-line Department-wide newsletter.
Not Achieved.

INFORMATION SYSTEMS & TECHNOLOGY UNIT (ISTU)

SUMMARY OF ACTIVITIES

The primary responsibility of the Information Systems & Technology Unit (ISTU) is to maintain the quality, integrity and security of our Spillman Data Base. The system is the central repository for all of the Department's police records and is shared with several agencies in Allen County.

The unit is also responsible for maintaining the computers Department-wide and training police personnel in the use of the various computer systems.

The SafeNet Identification program continued with several new applicants with memory impairment being entered into the system. The staff also continued to maintain the Department web side, FWPd.org.

The 57th Recruit Class received five days of intense training on data entry and direct entry reporting; digital photography, in-car mobile data computers and the State of Indiana's new Electronic Vehicle Crash Reporting System.

The Training Center's computer Lab was refurbished with new equipment and recommendations made for the new Regional Public Safety Academy.

All police mobile data computers were upgraded with the latest software. The Unit also explored various automated vehicle location (AVL) products and assisted in finding a vendor and funding.

2007 GOALS & OBJECTIVES

1. Assist in implementation of automated vehicle location (AVL) for department vehicles.
Partially Achieved.
2. Explore and possibly implement alternative to 800 MHz data transport.
Achieved.
3. Install and conduct training for new Spillman Mobile product.
Achieved.

4. Fully implement Indiana State Electronic Vehicle Crash Reporting (EVCRS) and conduct training.
Achieved.
5. Complete implementation of image/document management software.
Achieved (ongoing).
6. Assist in completion of the Department's migration to the storage area network (SAN).
Achieved.
7. Conduct street-level MDC troubleshooting training.
Not Achieved.
8. Provide Spillman access at the Sexual Assault Treatment Center.
Achieved.
9. Migrate Drug Tip database to Windows XP compatible application.
Achieved.
10. Complete and make available internal web site.
Achieved.

2008 GOALS & OBJECTIVES

1. Assist in implementation of automated vehicle location (AVL) for Department vehicles.
2. Move all Departmental cellular modems to permanent virtual private network between the Department and its service provider.
3. Expand resources available from police vehicles via cellular modems.
4. Complete configuration of AirMobile for use over the cellular network.
5. Install graphical Spillman interface and conduct training in same.
6. Replace aging Mobile Data Computers (MDCs) in police vehicles.

7. Install latest version of eVCRS in vehicles on Departmental PCs.
8. Assist in the implementation of the Spillman Pawn Module.
9. Conduct street-level MDC troubleshooting training.

NEIGHBORHOOD RESPONSE TEAM

SUMMARY OF ACTIVITIES

The purpose of the Neighborhood Response Team (NRT) is to provide the quadrant commanders with surveillance, long-term investigations, plain clothes and uniformed, target career criminals and run sting operations. The unit also worked very closely with ATF, neighboring law enforcement, and U.S. Marshal's Service on several investigations. The team is made up of one Lieutenant and six officers.

A major theft ring was broken up with the arrest of two individuals. The men would steal high-dollar electronics and sell them on the street.

The team continues to work the public indecency in the parks detail every summer.

Several significant arrests were made with the cooperation of the Allen County Warrants Division and the U. S. Marshal's Service.

Prior to the establishment of the Gang Unit this year, the NRT worked several gang-involved situations which involved multi-agency cooperation.

A major problem occurring across the country has been the theft of copper and metal which is being sold for scrap because of high prices. Also reported was the theft of approximately 120 air conditioner condenser units. After a lengthy investigation, the unit arrested two men who admitted to most of the 120 reported thefts.

A murder suspect who had been featured on "America's Most Wanted" was arrested with the help of the U. S. Marshal's Service.

2007 GOALS & OBJECTIVES

1. Send four members of the team to the U. S. Marshals Service State and Local Fugitive Investigators School.
Partially Achieved.
2. Send two members to mobile surveillance school.
Not Achieved.
3. Send two members to forfeiture school.
Not Achieved.
4. Expand the unit to include a second team.
Not Achieved.

2008 GOALS & OBJECTIVES

1. Provide training on Cellular Telephone Locate Orders.
2. Provide Dignitary Protection Training.
3. Obtain funds to pay informants.
4. Expand the unit to include a second team.

INVESTIGATIVE SUPPORT DIVISION

SUMMARY OF ACTIVITIES

The Investigative Support Division of the Fort Wayne Police Department consists of a variety of units; the largest being the Detective Bureau. Other supporting units which play a vital role in seeing a case to its conclusion are Vice & Narcotics, Crime Scene, Lab, Victim Assistance, Evidence & Property and the Crime Analysis Unit. All of these units are united in the common goal of supporting the uniform divisions in combating and preventing crime within our community. The Division is headed by Deputy Chief Karl Niblick.

Investigative Division: This section (Detective Bureau) contains Investigators assigned to specific sections or types of crime who conduct follow-up investigations or respond to the scene for preliminary investigations of felony crimes that occur within

the community. It includes: Robbery/Homicide, Juvenile, Property, Financial, Domestic Violence and Crimes Against Persons.

Vice & Narcotics Division: This section is staffed with sworn personnel who work both in an undercover and uniformed capacity to investigate crimes involving narcotics, as well as other vice concerns.

Crime Scene Division: In this section, sworn officers are tasked with the collection, processing and proper packaging of evidence at all major felony investigations.

Laboratory Services: This area contains both civilians and volunteers who prepare and examine items submitted from crime scenes for fingerprints and other related evidence in the hope of determining ways to identify suspects or information towards solving crime.

Evidence & Property Room: This assignment is fulfilled by three (3) civilians who store, maintain and record all items of evidence and found property turned into the Police Department.

Victims Assistance Unit: The section is staffed by civilians who are responsible for victim advocacy. They contact, counsel, advise and support victims of crime throughout the criminal justice process.

Crime Stoppers Program: This program maintains a high profile media appearance used to allow persons to provide anonymous information on crime and suspects and creates a process for that information to be provided to the various law enforcement agencies in the 11-county area of Northeast Indiana.

2007 GOALS & OBJECTIVES

1. Institute specific weekly Investigative Training sessions.
Partially Achieved.
2. Fully implement Property/Evidence Room purging plan.
Achieved.
3. Develop proposal for reconfiguration of Property Crimes Section.
Partially Achieved.

4. Implement changes in Homicide Investigation Procedures.
Achieved.
5. Develop Mid-Shift Lieutenant position.
Not Achieved.
6. Meet the growing demand for services in computer crimes.
Partially Achieved.
7. Devote resources to increasing the FWPD Intelligence function.
Not Achieved.
8. Obtain investigative tools. (Internet Search Services)
Partially Achieved.
9. Provide all Investigators with phone and individual computer access.
Partially Achieved.
10. Meet equipment needs.
Partially Achieved.
11. Establish and implement a new pawn file system.
Achieved.
12. Increase ISD Staffing Levels.
Not Achieved.
13. Review and revision of specific Investigative policies.
Partially Achieved.

2008 GOALS & OBJECTIVES

1. Establish a Mid-Shift Lieutenant position.
2. Reconfiguration of Property Crimes Section.
3. Implement strategies to meet the growing demand for computer forensics.
4. Devote additional resources to the Intelligence area.
5. Obtain investigative tools (Internet Search Services).
6. Institute ISD squad room trainings.

7. Provide all investigators with a computer workstation.
8. Reach appropriate/designated levels of Investigative personnel.
9. Office equipment needs.
10. Investigator status pay/promotion.
11. Restructure the location of areas of the ISD to maximize space concerns.
12. Develop a mug shot review program and location to allow victim witnesses.

ROBBERY/HOMICIDE

2007 was the first full year of having a 5th homicide team available and it turned out to be very beneficial. The City experienced 27 homicides this year. Robberies were up slightly from 404 to 411 in 2007.

Bank Robbery Task Force: There were seven (7) bank robberies in 2007, a substantial drop over the last few years. This could be due to the GPS tracking device that led to a very quick apprehension of three suspects.

The Task Force gave 15 trainings at various financial institutions in 2007.

Crimes Against Persons (Sex Crimes): The Section is staffed by one Sergeant and five detectives who investigate, among other things, child molest, rape, child abuse, sexual deviant conduct, felony battery and child neglect. The Section also investigates the overflow cases from the Domestic Violence Unit.

A significant development this year was the implementation of the Child Abduction Response Team (CART) in conjunction with the Allen County P.D. Also involved are the Indiana State Police, New Haven Police Department, and all area schools. This is the first CART program formed in Indiana and the first in the nation to include area school systems.

Domestic Violence Unit: Commenced in 2004, the Unit's purpose was to investigate felony and misdemeanor incidents of domestic violence with an emphasis on misdemeanor prosecutions so more serious felonies would be reduced. However, in 2006 and 2007,

the State legislature upgraded several domestic violence laws from misdemeanors to felonies. The result has been an overwhelming influx of felony cases and the neglect of the misdemeanor cases. Formerly, cases went forward even if the victim was unwilling to participate. Now, however, the Unit has moved to a system of working cases where there is a willing witness.

Total felony arrest cases for 2007 have doubled from 2006, and detectives from other areas of the ISD are being assigned to help lessen the load on the Domestic Violence Unit.

The **Juvenile Aid Division** is responsible for investigating incidents of a criminal nature that involve persons under the age of 18. This section is also responsible for all reports of runaways and missing persons of any age. The unit consists of one Supervisor and five Investigators due to retirements.

This Section's investigators work within a "team" concept to investigate a myriad of types of crimes committed, with the only common theme being the age of the suspect. The Investigators in this area often do more proactive work than just investigate incidents -- often spending many hours of discussion, and counseling with juveniles and their guardians in efforts to resolve issues before they become criminal.

Statistics: (Juvenile)	2007	2006
Cases Assigned	840	1060
Warrants Issued	201	255

The **North Property Crimes Section** of the Investigative Support Division is staffed by three Investigators. Two are assigned to the Northwest Quadrant and one is assigned to the Northeast Quadrant. There is one Supervisor for this section. They are tasked with the investigation of all felony property crimes occurring in the two northern quadrants of the City. There was a slight decrease in burglaries in 2007.

	2007	2006
Residential Burglaries	609	617
Business Burglaries	133	161
Felony Thefts	169	158

The **Southeast Property Crimes Section** is responsible for Investigating all burglaries (residential and business), as well as felony thefts that occur within the Southeast Quadrant of Fort Wayne. This section consists of three Investigators and one Supervisor.

	2007	2006
Cases	744	641
Warrant Requests	19	25

Southwest Property Crimes & Auto Theft: This Unit is responsible for felony property crimes, (burglary & theft), as well as auto theft.

	2007	2006
Cases	1194	796
Warrant Requests	21	49

The **Auto Theft Unit** works incidents for all quadrants of the City.

	2007	2006
Auto Thefts	531	581
Warrant Requests	17	21
Cleared Cases	498	548
Unfounded Cases	136	179

The **Financial Crimes Section** of the Investigative Support Division is responsible for investigating several different types of criminal activity, including: Insufficient fund checks, counterfeit checks, forged stolen checks, and other types of forged documents, credit card fraud, fraud on financial institutions, identity theft, insurance fraud utility fraud, counterfeit currency, financial exploitation of endangered adults, as well as other types of scams and computer fraud. Financial crimes is a difficult area to work in due to the volume of the incidents reported and the difficulty in obtaining the necessary information/cooperation from financial institutions and large companies.

	2007	2006
Total Cases	1262	1416

Pawn Shop: One detective is assigned solely to the pawn shops. A new City Ordinance on precious metals and second-hand items should have positive results on thefts. Shop owners must obtain identity information and enter the items sold into a data base to be checked against stolen items.

	2007
Total Number of Pawned Items Checked	52,892
Total Value of items recovered	\$42,209

The Investigative Support Division also runs second and third shift sections.

	2007	2006
B-Shift Cases	646	538
C-Shift Cases	537	N/A

The purpose of the **Criminal Intelligence Section** is to provide assistance to the Police Department and Investigative Division by using link analysis diagrams and informational analysis.

The Unit is staffed with one Investigator working under the Vice and Narcotics section who solicits information from all areas and agencies on various criminal enterprises. That information is then collated, analyzed and disseminated to the various locations that are stakeholders in the type of criminal activity being reported. Specific areas of aid are:

Gang Information: Provide standard link analysis diagrams, information, create data bases, make contact with various Federal and local agencies involved with gang identification and apprehension; and

Intelligence: Link with the Northern Indiana Law Enforcement Online and work with the District 3 (Northern Indiana) Intelligence Fusion Center representative.

The **Victim Assistance Program** provides comprehensive services for victims when a crime occurs until the criminal justice process is completed. Services include outreach initiated staff

contacts, referrals from other agencies, walk-in client services and victims referred by friends, relatives, etc. A satellite office is maintained in the City-County Building in the mornings to assist clients who have court appearances and Domestic Violence Victims referred by the Allen County Prosecutor. The Victim Assistance Office is staffed by eight full time and two part time employees, as well as eight interns/volunteers who provided 1,296 hours of volunteer services to victims in 2007.

The program received \$6000 in donations in 2007.

The primary responsibility of the **Evidence & Property Section** is to manage the intake and storage of all property confiscated by FWPD personnel. Most materials are evidentiary, but some are found items and recovered property. This Section also manages the storage, return and auction of recovered stolen bicycles.

Lack of space continues to be an issue and steps are still being were taken in that regard.

An additional employee has been very helpful.

The **Crime Analysis Unit** serves the Fort Wayne Police Department in several formats. The Unit's function is to review daily crime reports and collate information to:

- A) Detect crime patterns, trends and provide proactive information to the Investigative Support Division sections;
- B) Provide possible suspect information;
- C) Statistical data; and
- D) Perform a vast amount of quality control duties on incoming reports to ensure accuracy in reporting of crime statistical information.

Crime Stoppers Program: The Crime Stoppers program is responsible for taking anonymous tips on wanted persons and crime information and relaying that information to the appropriate law enforcement agency in the 11-county northeast Indiana area.

The **Vice & Narcotics Bureau** is committed to enhancing the quality of life in Fort Wayne through the investigation of narcotics-related activities. This commitment is facilitated by creating an open dialogue with the internal and external stakeholders germane to the Fort Wayne Police Department; by understanding their needs, and directing our resources and efforts accordingly. The investigators in this Section work narcotics, gambling and prostitution investigations. Some Investigators in this area work in an 'undercover' capacity and some work as Uniform support and interdiction officers.

A major focus for 2007 was drug interdiction. One traffic stop netted \$400,000 from the driver's home and 2 kilos of cocaine hidden in the vehicle. Fort Wayne is a delivery hub in the Midwest for cocaine and marijuana.

The **Drug House Ordinance Program** is still under the guidance of retired Detective Joe Musi, the Drug House Ordinance Coordinator since 1993. This program continues to be the crux of our enforcement efforts and is an example of our commitment to enhancing the quality of life for the citizens of Fort Wayne. In the year 2007, 72 drug houses were closed and over 493 drug tips received. The newly implemented change in procedures for handling and assigning drug tips has allowed the Bureau to more

accurately maintain continuity of the tips and better serve the community.

Joe Musi continually educates landlords in Fort Wayne on how to identify suspected drug trafficking in their rental properties, and what they can do to eliminate that element within their business. It is believed that this continued partnership is a catalyst for the reduced number of drug house closures in recent years.

Pipe & Drum: The Pipe & Drum Brigade now has 10 members and 2007 was again a busy year. At the beginning of the year, the corps joined with the Fort Wayne Fire Department Pipe & Drum Corp. Although each remains an individual unit, we have joined with the Fire Department for several events. The Brigade appeared at 31 events and officer funerals, as well as two police weddings.

The year 2007 was again extremely active for the **Honor Guard**. Between the regularly-scheduled training, parades and special events, combined with the funeral details of both active and retired officers from our agency, as well as other agencies, the unit was called upon to perform its duties on a regular basis. Their professionalism and dedication to the Fort Wayne Police Department has again not gone without notice. Positive comments have been received from the community, other agencies and retired officers from our Department on a continuous basis.

The **Crime Scene Management** section of the Fort Wayne Police Department is dedicated to the proper documentation, preservation, and collection of items of potential evidence to the end that guilty persons, through a trial, are convicted and that the innocent are set free.

The **Fort Wayne Police Department Laboratory** had another great year, seeing a number of significant achievements in 2007. There were 54 additional fingerprint kits supplied by the Laboratory to police personnel, bringing the total to 337 kits issued.

The number of cases completed in 2007 (1250 - down 13%), and reports issued (1002 - down 12%) by the Laboratory have remained fairly constant. The number of latent print submissions by officers and detectives from crime scenes was down 19%; however, we do show an increase in the number of latent print identifications made. Crime scene evidence submissions to the Fort Wayne Police Laboratory also showed a decrease of 19% from 2006.

The Laboratory has recorded a total of 27 individuals who were identified through AFIS after giving false information when incarcerated and fingerprinted at the Allen County Justice Center in 2007.

A total of 30 juveniles, age 14 and older, were fingerprinted this year for felony offenses. The program continues to produce excellent results.

Time spent on outside agency casework increased to a total of 393 hours.

The Retired Senior Volunteer rendered 391 hours of his time in 2007 and we thank him for his devotion over the past 14 years.

NORTHWEST DIVISION

SUMMARY OF ACTIVITIES

2007 completed the 6th year of command by Deputy Chief Marty Bender. Through the efforts of Captain Paul Smith, Lt. Tim Bogenschutz, and the 9 sergeants assigned Northwest in overseeing the 50 patrol officers, crime was reduced 10.13% over the 2006 time period. The Carroll Road annexation took place on September 30, 2007 bringing the Northwest Division's population to 61,717 citizens. This also increased the Northwest patrol area to over 33 square miles.

Captain Steve Haffner was added to the Northwest command. His duties are to command A Shift Operations, oversee and assist Sgt. Jon Bonar with traffic grants, the "FACT" Team, and Hit/Skip Division. He also assists in day-to-day special events and major city events like the Three Rivers Festival.

A goal for 2006 & 2007 was to rewrite and update the Department's Unusual Occurrences Policies and have them

completed in 2006. The goal was not achieved in 2006 or 2007 because of Federal mandates to implement "NIMS" (National Incident Management System). The NIMS system underwent a change in 2007 and it will be finished in 2008. Approximately 95% of our officers are certified in at least two NIMS courses. The goal for 2008 is to achieve 100% and provide advanced training to all Captains and above.

Police Fleet - During 2007, 103 vehicles were purchased (the second largest purchase in FWRPD history). Added were 32 new police cars and one new raid van for EST, a new tactical operations center for EST, and an equipment trailer for the bomb squad. The fleet is in very good shape and all the tactical teams, EST, CRT, EOD, have new vehicles for tactical call-outs. We will be ordering 67 vehicles for 2008.

Tactical teams for the Department fall under Deputy Chief Bender's command. These include the Emergency Services Team (EST), Crisis Response Team (CRT), and the Hazardous Devices Unit (HDU/EOD) or bomb squad. All three units had their big response vehicles replaced in 2005, 2006, and 2007. These officers are in a high state of readiness and are some of the best in this country at what they do.

Special events planning for 2008 will include a new parade route for the Three Rivers Festival, and a one-half marathon.

One of the main crimes committed in the NW Division was the theft of copper from vacant homes, of which there are 2800. 21.8% of all residential burglaries were copper thefts. The theft of all ferrous metals will continue as long as the price is high.

2007 GOALS & OBJECTIVES

1. Continue to increase communication with our citizens.
Partially achieved.
2. Deny safe haven for criminal activity.
Partially achieved.
3. Explore outside funding sources to assist in reducing criminal activity.
Achieved. (Gang Grant)

2008 GOALS & OBJECTIVES

1. Automated vehicle locator systems installed in all marked squad cars.
2. Additional patrol officers.
3. Have 100% of the officers NIMS trained and advanced training to all Captains and above.
4. Make the criminals aware they are being watched.
5. Traffic enforcement - reduce accidents.
6. Develop subordinates for future command positions.
7. Provide citizens with prompt, professional, and courteous service while reducing crime.

TRAFFIC COORDINATOR

The Traffic Coordinator applies for grants and is the coordinator of the Fort Wayne/Allen County Crash Team (FACT), which was instituted on June 1, 2006.

Fatalities for 2007 were low at nine; however, overall crashes increased 2.8%. Indiana implemented the state-wide Electronic Vehicle Crash Reporting System in 2007 which created more accurate reporting.

OWI arrests declined by 18% and Fort Wayne's seatbelt usage was over 94%, the highest in the State.

The Hit-Skip Section staffed by four Detectives processed 2510 hit-skip crashes in 2007. 1,987 were investigated and cleared.

A total of \$594,000 in grants was received from the Governor's Council on Impaired and Dangerous Driving through the Indiana Criminal Justice Institute in 2007.

EMERGENCY SERVICES TEAM (E.S.T.)

SUMMARY OF ACTIVITIES

The EST exists to provide the City with the ability to successfully resolve extraordinary and volatile circumstances, with as little loss of life and property as possible. Some of the situations responded to are: Hostage situations, sniper situations, barricaded/suicidal subjects, high-risk warrant service and high-risk stakeout details.

Operations for the unit were down slightly this year compared to 2006. A large number of less-than-lethal munitions were used again this year resulting in no serious injury to officers, suspects or bystanders.

	2005	2006	2007
Total Events	105	81	69
Hostage Situations	2	1	1
Barricaded Subjects	8	9	5
High-Risk Warrant Service		68	61
Other			2

The acquisition of 15 new Tasers brings the total to 22. This pilot program is working very well. To date, the Tasers have been deployed on seven individuals and one dog, resulting in no injuries.

The new Tactical Operations Center (TOC) van is up and running, but modifications still need to be made.

The team is rated at the highest readiness level (National Incident Management System [NIMS] Type II SWAT Team) that can be achieved by a part time unit, and makes it one of the few in the Midwest to achieve this level.

2007 GOALS & OBJECTIVES

1. Upgrade and improve the EST Taser program.
Achieved.
2. Upgrade and improve operational electronic surveillance capability.
Achieved.
3. Achieve National Incident Management System (NIMS) Level II status.
Achieved.

2008 GOALS & OBJECTIVES

1. Outfit all team members with Taser capability.
2. Make upgrades to our new Tactical Operations Center raid van and WMD response trailer.
3. Modify/improve EST training and briefing facilities.
4. Train with and incorporate Department K-9s on EST operations.

CRISIS RESPONSE TEAM (C.R.T.)

SUMMARY OF ACTIVITIES

The CRT exists to provide the City with the ability to successfully resolve all hostage, barricade or suicidal calls, minimizing injuries to officers, victims and suspects. The 9-member team trains many times a year which included six times with the Allen County Negotiation Team.

The team created a wireless communications system and worked with the Indiana Intelligence Fusion Center on providing this valuable asset to all negotiators in Indiana. The FBI Crisis Negotiation Unit was also updated. Our agency is a leader in this technology.

Each incident responded to is recorded on our new DVD equipment which allows quick submission as evidence if needed.

Operations for the unit were down slightly this year compared to 2006. A large number of less-than-lethal munitions were used again this year resulting in no serious injury to officers, suspects or bystanders.

HAZARDOUS DEVICES UNIT (HDU) – BOMB SQUAD

The Bomb Squad is responsible for the 11 counties in Northeast Indiana. The Squad maintains the standards of the F.B.I. and every member is a certified HazMat technician.

Joint training with the Crisis Response Team and the Emergency Services Team has been very beneficial.

2007 GOALS & OBJECTIVES

1. Extensive explosive device training.
Achieved.

2. Secure a site for the new bunker.
Achieved.
3. Secure additional safety equipment through Department of Homeland Security.
Achieved.
4. Additional personnel.
Not Achieved.

2008 GOALS & OBJECTIVES

1. Correct problem in the paging system.
2. Additional personnel.
3. Two computers and upgrade of system.
4. Complete bunker system to fully operational status.
5. Compete for Homeland Security grants through State-wide grant process to receive a total containment system and a robot.

NORTHEAST DIVISION

SUMMARY OF ACTIVITIES

The quadrant provides service to over 90,300 citizens located within a 26 square mile area, overseen by Deputy Chief Dottie Davis. The quadrant achieved an 8.43% reduction in reported crime in 2007. Calls for service were 32,276, an increase of over 2000.

The Deputy Chief for this quadrant also oversees the Crisis Intervention Team (CIT) and is the liaison to the Police Athletic League.

The officers have a strong relationship with the neighborhoods and through this, several problem areas were addressed

throughout the year with the help of the citizens. Crime prevention education was provided to individuals and businesses.

Thefts of copper from vacant homes has been increasing with the price of copper. The officers took a pro-active approach to this problem and worked with the neighborhoods to curb this crime. Despite increased patrols, burglaries increased 11.8% in 2007.

2007 GOALS & OBJECTIVES

1. Strengthen relationship with Parkview Hospital and its related service providers, security and emergency room personnel.
Achieved. (ongoing)
2. Develop a close working relationship with North Side Neighborhood Association in an effort to reduce crime.
Achieved.
3. Provide Workplace Violence Prevention workshops for the North Anthony Business Association.
Partially Achieved.
4. Selective enforcement in areas of speeding complaints.
Achieved.

2008 GOALS & OBJECTIVES

1. Survey neighborhood presidents reference effectiveness of Neighborhood Liaison Officers.
2. Increase traffic stops.
3. Increase number of drug houses closed.

CRISIS INTERVENTION TEAM (CIT)

The CIT Program was implemented in 2001 to provide immediate response by trained law enforcement officers to deal with persons in the community who are experiencing a mental health crisis.

The goal of the program was to have 20% of all officers certified. Another course is scheduled for February, 2008 where 46 officers from nine different agencies, including 13 from the Fort Wayne Police Department, will be trained.

To date, only three of the 1012 persons the Department interacted with were incarcerated.

Numerous presentations were given throughout Indiana, as well as at the National CIT Conference in Memphis, Tennessee.

POLICE ATHLETIC LEAGUE (P.A.L.)

SUMMARY OF ACTIVITIES

The PAL programs all remain strong as was fundraising.

PAL worked with the Fort Wayne Community Schools to provide community service opportunities for students who have violated school policies. This program has also expanded to the Juvenile Probation Office.

2007 GOALS & OBJECTIVES

1. Improve communication and visibility via the internet.
Achieved.
2. Stay within budget as we examine increasing the football program.
Achieved.

2008 GOALS & OBJECTIVES

1. Improve our football equipment accountability with a computer program.

SOUTHWEST DIVISION

The Division, commanded by Deputy Chief Douglas Lucker, lost two Captains during the year, one to retirement and one resignation. The Southwest annexation of the Aboite area saw crime remain about the same for the second year. Overall, crime for the entire Division was up .25% after four years of decline.

SUMMARY OF ACTIVITIES

An ongoing issue this year was the area of Ardmore Avenue not designated as a truck route. Higher priority calls and personnel levels precluded more patrol of this area.

One positive trend this year was the reduction of drive-offs from gas stations. With the price of gas rising, this issue will return.

Thefts of copper and other metals of value have plagued the Division. Many houses are rental properties or vacant. This contributes to the blight of neighborhoods. Some neighborhoods in District 32 are 18% vacant. Of the 452 residential burglaries in 2007, almost 16% were for copper plumbing. Also contributing was the rise in homelessness and the attending break-ins.

The end of the year saw an increase in armed robberies of individuals, most in December.

2007 GOALS & OBJECTIVES

1. Planning and implementation of the "Weed & Seed" grant for Sector 32.
Not Achieved. (to begin in July 2008)
2. Officer training in the Electronic Vehicle Crash Reporting System.
Achieved.
3. Provide support for programs and initiatives of the Packard Area Planning Alliance.
Achieved.

4. Construct a "Least Desirable" wall at the Southwest outpost targeting the small number of individuals committing the majority of crimes.
Partially Achieved.
5. Develop the capabilities of SW officers through temporary assignments to Vice & Narcotics, Domestic Violence Unit or Neighborhood Response Team.
Achieved.

2008 GOALS & OBJECTIVES

1. Develop a crime prevention plan for new shopping center in the area of Illinois & Thomas Road.
2. Continue the Weed & Seed Grant, expanded to include John District.
3. Train and equip all officers to collect blood evidence.
4. Restructure the division of the Neighborhood Liaison Officers from inactive to active associations.
5. Provide crime prevention guidance to the neighborhoods through our Crime Prevention Bureau.
6. Increase officer-initiated traffic stops in an effort to arrest wanted persons.
7. Continue to support the Packard Area Planning Alliance.

FORT WAYNE POLICE RESERVES

SUMMARY OF ACTIVITIES

The Fort Wayne Police Reserves is comprised of 20 fully-trained volunteer officers. During the year, they worked 2,072.5 assignments totaling 4286.5 volunteer hours. Events and assignments included: Parades, fundraising walk/runs, guard duty at crime scenes, Three Rivers Festival, holiday parking lot patrol, and follow-up on gas failure-to-pays.

STUDENT POLICE PROGRAM

SUMMARY OF ACTIVITIES

The goal of the Fort Wayne Police Department Student Police Program is to attract young adults to a law enforcement career. The program is operated by police officers who volunteer their time in classroom training, hands-on instruction and physical training. Many current police officers were members of the Student Police Program.

The Kid Care fingerprint/DNA program was downsized as donations were less this year. The Three Rivers Festival was the single biggest event for the students. They patrolled "junk food alley" and the park, assisting sworn officers where necessary.

HISPANIC LIAISON OFFICE

SUMMARY OF ACTIVITIES

Officer Ricardo Robles is the Spanish Liaison for the Department. Community outreach to the Hispanic community for the year 2007 included:

- Referrals to City services and resources.
- Prepared law enforcement related articles for the Hispanic media.
- Hispanic Social Service Network Council Member: There are 50 Allen County social service agencies in this group which address issues facing immigrant communities.
- Presentations on public safety given to community groups, churches, schools and agencies
- Board member of the Hispanic Leadership Coalition of Northeast Indiana.
- Board member of African Immigrant & Social Development Agency, and the History Center.
- Assisted "Building Sustainable Health Initiatives in the Hispanic Community" with interpretation services.
- Collaborated with Center for Non-Violence in providing a walk-in office to address issues in the Hispanic Community.
- Attended several domestic violence conferences.
- Requested to be a consultant for Alianza, a leading national Domestic Violence Organization.
- Staff an office at United Hispanic American to provide police services to the Hispanic community. The office is open every Monday.

2007 GOALS & OBJECTIVES

1. Continue to foster public safety relationship with immigrant community to encourage the reporting of crimes.
Achieved.

2008 GOALS & OBJECTIVES

1. Develop proactive community-oriented programs targeting the Hispanic community.
2. Identify, establish and promote existing Community Policing Initiatives.
3. Educate community on current BMV and State legislation that will affect undocumented persons.

CANINE SECTION

SUMMARY OF ACTIVITIES

The K-9 section is under the command of Deputy Chief Douglas Lucker, who is committed to the perpetuation of the Section. The Section has two Master Trainers in Sgt. Robert Theurer, Unit Supervisor, and Officer Kevin Weber.

Throughout the year, school lockers and random checks of student vehicles in the parking lots continued. Many presentations and demonstrations were given throughout the community.

A 13-week basic canine academy class graduated December 7, 2007.

An additional K-9 team was added during the year and for the first time, a candidate selection board was utilized. The Department now has nine teams.

Nine remote K-9 release devices were purchased and added to the K-9 vehicles. This unit will activate a heat alarm if the vehicle becomes too warm and remotely notifies the handler of the emergency.

2007 GOALS & OBJECTIVES

1. Increase the number of on-duty teams available to the Operations and Vice/Narcotics Divisions by at least three teams.
Partially Achieved. (1 additional team)
2. Establish a monthly standardized training day for the entire Unit to train together.
Achieved.
3. Standardize the record keeping and collection of statistics.
Attained.
4. Make sure the Unit obtains the most qualified personnel for the K-9 program.
Partially Attained.

2008 GOALS & OBJECTIVES

1. Increase the number of on-duty teams available to the Operations and Vice/Narcotics Divisions by at least two teams.
2. Develop a 10-minute training video that could be utilized for patrol officer training.
3. Begin to rotate each team through the Narcotics Division 30 days at a time.
4. Begin the process of training qualified teams with the Emergency Services Team (EST) so they would be available under specific circumstances.

SOUTHEAST DIVISION

The Southeast Division is made up of approximately 85 officers assigned to uniform patrol, the School Child Safety Unit and Crime Prevention. The officers provide police service to the citizens of Fort Wayne living and working in the Southeast quadrant. The Southeast Division is commanded by Deputy Chief Nancy Becher, Captain Kevin Corey, and Lt. William Corn.

The Southeast Quadrant is 16.55 square miles with a population of approximately 57,245. It is the most diverse quadrant in the City with 52% African-American, 30% Caucasian, and 13% Hispanic. 40% of the homes are rented and the average household income is \$30,663. The unemployment rate is 14%.

The administration of former Mayor Graham Richard placed great emphasis on the revitalization of the Southeast Quadrant of the City and it is paying off. A strong law enforcement presence is necessary to see that the initiatives are successful. Thefts at construction sites and "scrappers" have increased.

The opening of the new Regional Public Safety Academy was another component of the revitalization of the Southeast Quadrant.

The area near the Police Operations Center known as Renaissance Pointe includes plans for nearly 350 new homes and the rehabilitation of another 100 in a 36-block area.

Community collaborations include Allen County Community Corrections and the Re-Entry Court Program. 60% of returning offenders will reside in the Southeast Quadrant.

Ten SE officers served as mentors to young men and women who were recently released from boys' and girls' school assisting them with practical life and job preparation skills. Officers also worked with the NAACP Youth Council, a group of at-risk high school students.

The Southeast Quadrant had 59,475 calls for service (32% of all calls) in 2007.

SUMMARY OF ACTIVITIES

2007 saw a reduction in Part I crimes of 4.22%.

Homicide: 12 of the City's 24 homicides occurred in the quadrant in 2007; all as the result of a firearm. 50% of all homicides in the City were the result of gang and/or drug activity.

In July, the 5-member Gang Unit was formed. During the six months since its inception, the Unit served four Federal indictments (gang), 22 felony arrests, seized 29 firearms, made 73 drug arrests and 289 misdemeanor arrests. Their presence also helped reduce gang-related shootings and homicides. Federal funds allowed for a "gun violence" program staffed by officers working overtime assignments in hot spots. This program resulted in 877 arrests.

Robbery: There were 168 robberies in 2007 - the same as 2006. 81% of robberies occurred on the street or to individuals.

Burglary: There were 801 burglaries for 2007 (80 to businesses, 722 at residences). A City-wide trend was the theft of aluminum and copper.

Larceny: There were 120 fewer larcenies and 23 less vehicle thefts in 2007. This reduction is likely the arrest of several car thieves during the year.

Traffic Stops: There were 11,989 traffic stops, 2072 more than in 2006.

Crime Prevention: Crime Prevention Officer Todd Battershell did 34 property evaluations. He was also instrumental in the arrest of 10 individuals who caused thousands of dollars of damage to businesses with their graffiti. Ultimately, 154 charges were levied against these individuals. (see report below)

CRIME PREVENTION BUREAU

SUMMARY OF ACTIVITIES

Officer Todd Battershell is the Crime Prevention Officer for the Department. In addition, he is the liaison to the Allen County T.R.I.A.D., the Anti-Graffiti Network, the Better Business Bureau, the Concerned Citizen's Watch and the newly-formed local branch of the National Center for Missing & Exploited Children.

Officer Battershell was a part of the group that brought this organization to Fort Wayne.

The police building remained a drop-off point for the Unwanted Prescription Medication Program and 258 pounds of medication were collected that otherwise might have ended up in the wrong hands.

The "Safe at Home" program was introduced in 2007, which assists our elderly citizens in times of emergency.

2007 GOALS & OBJECTIVES

1. Secure additional training for Officer Battershell.
Achieved.
2. Work with the City Attorney's Office to develop an Anti-Graffiti Ordinance.
Not Achieved.

GANG UNIT

SUMMARY OF ACTIVITIES

In 2007, Chief York in partnership with ATF, developed the Gang Unit. The purpose of this five-person unit is to address the increase in criminal gang activity in the City of Fort Wayne.

A part of the work of the Unit is visiting known gang members' homes and speaking with a parent or parents and giving them gang literature. This approach has had some successes. A working relationship with the schools is also an important aspect of the Unit's work. The relationship includes the school Director of Security, as well as the School Resource Officer assigned to each high school.

The relationship with ATF has been outstanding. There was an increase of Federal indictments in 2007 of 66%. Important in these cases is that the perpetrator must serve 85% of a Federal sentence as opposed to only 50% for those sentenced in State court.

INFORMATION SYSTEMS

COMMUNICATIONS CENTER [911]

SUMMARY OF ACTIVITIES

The Communications Center receives emergency 911 calls, as well as non-emergency calls which are then directed to the appropriate department by Call Takers and Dispatchers.

A new employee is required to complete a 30-day training program with an average score of 90%. The employee then works with a trainer for a period of 1-3 months. For the first time in many years, staffing levels were increased due to annexations.

Utilizing Homeland Security funds, a state-of-the-art communications vehicle was purchased and has been used in several high profile incidents.
